

GROUP MEMBERSHIP

DOES YOUR FIRM STAND OUT?

The Financial Planning Association® (FPA®) has developed a group membership program for firms that publicly commit to FPA's principles of advancing the financial planning profession and the value of financial planning to the public.

When your firm participates in our exclusive group membership program, you reap the rewards of individual membership for all your employees at a substantial discount. It applies to everyone at your firm, including financial planners, associated professionals, paraplanners and your entire office staff.

FPA members have an impact by supporting their chosen profession and contributing to the evolution and success of financial planning.

GROUP MEMBERSHIP DISCOUNTS
